**CLAIMS:**

**APPROVAL OF MINUTES:**

Regular Meeting Minutes for August 22, 2017

**ADJOURN:**

**A MEETING OF THE BOARD OF PUBLIC WORKS & SAFETY OF THE CIVIL CITY OF NEW ALBANY, INDIANA, WILL BE HELD IN THE THIRD FLOOR ASSEMBLY ROOM AT THE CITY/COUNTY BUILDING ON TUESDAY, AUGUST 22, 2017 AT 10:00 A.M.**

**PRESENT:** Mickey Thompson, member, Cheryl Cotner-Bailey, member and Warren V. Nash, president.

**OTHERS PRESENT:** Fire Chief Juliot, Fire Marshal Koehler, Bryan Slade, Robert Lee, Chris Gardner, Sidney Main, Larry Summers, David Hall, Jessica Campbell, Police Chief Bailey, Assistant Police Chief Fudge, Carmen Belcher, Christina Jarboe, Claire, Courtney Lewis and Mindy Milburn

**CALL TO ORDER:**

**Mr. Nash called the meeting to order at 10:00 a.m.**

**PLEDGE OF ALLEGIANCE:**

**BIDS:**

**NEW BUSINESS:**

1. **Grant List with Renaissance Design re: Curb cut request at 614 Mount Tabor Rd. to 620 Mount Tabor Rd.**

**Mr. Thompson** stated that they have already begun work and were told that they needed to get a permit from the board.

**Mrs. Cotner-Bailey** stated that they removed a section of the sidewalk so it is currently closed.

**Mr. Thompson** explained that they thought because they were replacing the sidewalk they didn't have to get a permit. He stated that there is a driveway there already that went to the house that will be removed and this one will be added.

**Mr. Nash** asked what they are doing.

**Mr. Thompson** stated that it is a storage facility. He added that they haven't cut the curb yet but they were made aware of the fact that they need a permit before they do the work.

2. **Kate Moore re: Curb cut request at 415 E. 11th St.**

**Ms. Moore** explained that she recently bought the house at 415 East 11th and while it does have a driveway that is already paved she doesn't have a curb cut for the driveway.

**Chief Bailey** stated that he is aware of this location and there is already a driveway there.

**Mr. Thompson** stated that he visited the site and explained that there was a request from a previous resident that for a cut but it was never installed. He added that he did make measurements while he was at the site and it is narrow but a vehicle could park there without blocking the sidewalk.

**Mr. Thompson moved to approve, Mrs. Cotner-Bailey second, motion carries.**

**Mr. Thompson** explained that she will have to have a contractor install the curb cut and the city has specifications for the work and he will get it to her.

**COMMUNICATIONS – PUBLIC:**

**Paul Links, HWC,** stated that on August 29 they would like to switch Spring Street to a two-way operational street. He explained the contractor has been instructed to install messages boards at noon today to inform the public of the switch. He explained that they will be installing 2 boards on State Street near the Spring Street intersection as well as the intersection of Vincennes and Spring Street. He stated that they will be switching to two-way operation on Bank Street and Pearl Street on August 30 and they will have a message board on each of those streets as well. He explained that they have a lot of work to do before next week so the focus is to get those three streets done so that they can be converted.

**Mr. Nash** asked what time of the day they intend to make the switch.

**Mr. Links** stated that they are still working that out with the engineer and the administration.

**Mr. Nash** stated that he thinks they should get Market and Elm converted as soon as possible and asked if they have a date for those.

**Mr. Links** explained that everything is supposed to be complete by the end of September but Market Street will be the next street to be converted. He stated that the idea is to take the cones that are currently on Spring Street and move them over to Market in preparation to get people used to traveling in one directed.

**Mr. Nash** asked what is left to do.

**Mr. Links** replied loops, a signal head at State Street, overhead signage and pavement markings.

**Mr. Summers** stated that from the city's perspective he thinks it's good for the citizens to see the progress of the work and they have already seen results from one-lane traffic on Spring Street. He added that they anticipate seeing and even more significant calming once traffic is traveling in both directions.

**Chief Bailey** stated that the traffic calming has been remarkable already and they are excited and confident about the conversion.

**Brian Fleck, Lochmueller Group,** updated the board on the McDonald Lane project and explained that they are installing the yield markings right now on the roundabout and then they will start pulling barricades. He stated that they expect to have it fully open by 3:00 p.m. He added that there will still be a few items such as mailboxes and bike path markings left to work on.

**Mr. Nash** asked if the street signs were all up.

**Mr. Fleck** replied yes.

**Jim Silliman Jacobi Toombs & Lanz**, stated that the scheduled completion date for Daisy Lane has been pushed but they still plan to complete it prior to Thanksgiving. He added that they are waiting for a schedule from the contractor to get a specific date.

**Mr. Summers** explained that at this point they are more concerned about the quality of the work on this project rather than the timeline of the work. He added that with an investment of infrastructure going up a hill of that magnitude it is more important to assure that the roadway will be stable for years to come than to hitting the arbitrary October date.

**Mr. Nash** asked about the right turn lane onto the ramp

**Mr. Silliman** explained that the completion of that right turn lane is contingent on the traffic signal pole relocation so as soon as Ragel moves the pole they can finish up the right turn lane.

**Mr. Summers** stated that the issue they have is that it is the same contractor that is doing the downtown work is doing the pole relocation and their focus has been on the downtown to get everything completed before Harvest Homecoming.

**Mr. Silliman** stated that they will be closing Bono Road today for the phase 2 work to replace the roadway and sidewalk. He explained that they talked about the 72 hour closures to do the soil stabilization and the contractor would like to start that on September 1.

**Mr. Nash** asked what would be closed

**Mr. Silliman** stated that Bono Road from E Cottom to Cardinal would be closed September 1-4.

**Mrs. Cotner-Bailey** stated that this is what they had to do this in the other phase as well.

**Mr. Silliman** stated that is correct and added that the ideal time for them to do the work is late on Friday so they have the whole weekend to cure.

**Mrs. Cotner-Bailey** stated that the 4th is a holiday so school and garbage pickup should not be a problem.

**Mr. Silliman** stated that the contractor would also like to come in and do the stabilization for the second stage from Cardinal to Graybrook the following weekend on September 8-11

**Mr. Summers** asked if they are confident in their excavation schedule.

**Mr. Silliman** explained that

**Mrs. Cotner-Bailey moved to approve, Mr. Thompson second, motion carries.**

**Paige Thomas** stated that they had an emergency main leak at 37 West 5th that required a 4'X9' street cut and added that they have an upcoming replacement at 227 West 9th that requires a 4'X5' sidewalk cut.

**Mrs. Cotner-Bailey moved to approve, Mr. Thompson second, motion carries.**

**OLD BUSINESS:**

**1. Curb cut at 238, 240 & 242 Cherry Street**

**Mr. Thompson** stated that he visited the site after the meeting last week and he would like to keep in on the agenda.

**TABLED ITEMS:**

**COMMUNICATIONS – CITY OFFICIALS:**

**Mr. Summers** updated the board on the paving project. He stated that State Street is complete from Green Valley to Main Street and they should be lining from Main to Elm today or tomorrow. He added that he has reinforced with the contractor that the contractor that the timeline is imperative. He explained that Main Street has been milled and paving should follow later this week. He stated that the patching operation on Silver Street is ongoing and once they are finished on Silver they will move on to East 8th from Spring Street to the North Y. He explained that after 8th has been paved they will reconstruct Charlestown Road from the North Y to Vincennes.

**Mrs. Cotner-Bailey** mentioned that the Animal Shelter had a special eclipse adoption event and asked Mr. Hall how it went.

**David Hall** reported that they had 26 cats adopted yesterday and 15 of them were black cats.

**APPOINTMENTS:**

**CLAIMS:**

**Mrs. Belcher presented the Board of Works Claims Docket for 08/08/17-08/21/17 in the amount of $2,075,951.18.**

| | | |

| | Grand Total: | 2,075,951.18 |

**Mrs. Cotner-Bailey moved to approve, Mr. Thompson second, motion carries.**

**APPROVAL OF MINUTES:**

**Mrs. Cotner-Bailey moved to approve the Regular Meeting Minutes for August 15, 2017. Mr. Thomson second, motion carries**

**ADJOURN:**

There being no further business before the board, the meeting adjourned at 10:33 a.m.

Warren V. Nash, President

Mindy Milburn, City Clerk

All meetings are recorded and on file with the City Clerk's Office

# Proposal

## Wick's Pizza is asking permission to close the side walk, utilize the parking spots along the side of our building, and install fencing around our property from 10-10-17 until 10-16-17

Wick's is seeking permission to close the side walk and fence off the front of our building to properly control the crowd of patrons the festivities bring us yearly. This will allow us to have one primary entrance and one primary exit; which will enable us to properly monitor for age restrictions, capacity calculations, intoxicated patrons, and keeps alcoholic drinks sold by our company on our company's property. With your permission we will wrap the building as shown in the floor plans provided during the dates listed above. We intend to place a barrier made of fencing in between the street and the curb to ensure a safe walking area.

With the upcoming festivities Wick's requires a little extra space for equipment necessary to professionally handle the yearly influx of customers. With the permission of the Board of Work's we would be utilizing the parking spots located immediately next to our building. The following equipment will be located on those spots and is shown on the floor plan provided.

- One 20yard trash dumpster
- One double door ice chest
- One small refrigerated storage truck
- One small gas powered generator
- One portable construction light tower
- Four portable restrooms

These items are necessary to ensure both the high quality of service Wick's strives to achieve and the cleanliness of our building and the property around us. With your approval we will need to fence in this equipment in addition to the front of the building to keep it safe from possible theft and vandalism.

**We thank each of you for your consideration of this proposal!**

**Voluntary Donations**

While there is no fee for the use of our non-parks public spaces, donations are accepted for the use of the City of New Albany Bicentennial Park, Riverfront Amphitheater, City Square or any other non-parks public space. Contributions support a broad array of recreational activities for residents and visitors, as well as helping to maintain our ever evolving park system. Donations made to New Albany Parks and Recreation Department are tax deductible.

**Other permits**

All components of the event are subject to Board of Works approval and may require approval by and/or permits from other agencies. Board of Works approval permits use of the specified space under the terms of the permit and does not constitute permission from other agencies. Events that impact other agencies must seek proper approval and permitting from said agencies. It is the express responsibility of the applicant to secure all necessary permissions and paperwork.

**Insurance Requirements**

Proof of insurance may be required before final permit approval. Each event is evaluated on its risk and exposure. The City of New Albany is not responsible for any accidents to persons or property resulting from the issuance of this permit.

**Affidavit of Applicant**

Everything that I have stated on this application is correct to the best of my knowledge. I have read, understand and agree to abide by the policies, rules and regulations listed on this and all applicable forms, including City of New Albany ordinances, as they pertain to the requested usage. Applicant agrees and understands any significant damage to city property will be the sole responsibility of the applicant. By signing this application, the applicant agrees to follow all rules and regulations and city ordinances. The permit, if granted, is not transferrable and is revocable at any time at the absolute discretion of the New Albany Board of Public Works. All programs and facilities of the City of New Albany are open to all citizens regardless of race, sex, age, color, religion, national origin or handicap.

For any questions regarding special event permitting, please contact Courtney Lewis at clewis@cityofnewalbany.com or 812.948.5333.

**APPLICATION FOR CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY**

Application of: GUL, Inc. of Southern Indiana
Name

Green Cab of Southern Indiana
Trade Name
2702 Paoli Pike
New Albany, IN 47150
Address and Principal Place of Business

If partnership, give the name and address of each member thereof; if corporation, give names, title and address of principal officers:

Name Asif Ur Rehman, Pres. and sole stockholder Address 1811 West Min Street Louisville, KY 40203

Name _____ Address _____

Name _____ Address _____

If a corporation, when and under the laws of what state organized _____

Application hereby applies for authority to operate a taxi-cab service by motor vehicle on regular or irregular routes, transporting persons or property, within the City of New Albany, Indiana. Applicant understands that filing of this application does not in itself constitute authority to operate.

Upon filing of this application, the Board of Public Works and Safety shall schedule a public hearing and prepare the necessary notices in accordance with the provisions of Chapter 113.04 of the New Albany Code of Ordinances.

Applicant's previous experience in the transportation of passengers'
Mr. Rehman has owned GUL (KY corp. dba Green Cab) since 2010
That company owns and operates thirty taxicabs.

Number of vehicles to be operated or controlled under applicant's trade name
Applicant seeks to begin with one (1) taxicab, which GUL will lease to Green Cab of Southern Indiana.
Location of proposed depots and terminals
2702 Paoli Pike, New Albany, IN

Color scheme and/or insignia identifying applicant's vehicles
"Eco-Friendly" lime green paint scheme w/ door insignia of an ear of corn to signify the special nature of the vehicles.

Upon approval of this application, but prior to the issuance of a Certificate of Public Convenience and Necessity, applicant shall provide the Board of Public Works and Safety a liability insurance certificate in accordance with Chapter 113.12 of the New Albany Code of Ordinances. The applicant shall, in addition, provide the Board with a list of vehicles to be operated under the applicant's trade name on the form prescribed by the City. Any future changes, additions or deletions to the applicant's fleet shall be reported within thirty (30) days of such action.

It shall be the applicant's responsibility to remove any identifying insignia and/or color scheme from a vehicle deleted from the fleet.

All provisions of Chapter 113 of the New Albany Code of Ordinances shall apply as conditions for operating a taxi-cab service with the City of New Albany.

It is the applicant's responsibility to obtain any other federal, state or local licenses or permits required. Failure to obtain such licenses or permits, or cancellation of same, shall constitute cancellation of Certificate of Public Convenience and Necessity issues for this application unless otherwise approved by the Board of Public Works and Safety.

In support of this application, applicant submits the following exhibits hereto and made a part hereof.

EXHIBIT A — A statement describing applicant's financial status, including a brief statement of assets and liabilities as of the date of application, including all unpaid judgments with explanation of the nature of transaction or act resulting in such judgments.

EXHIBIT B — If a non-resident corporation, a Certificate from the Secretary of State of the State of Indiana showing applicant is registered to do business in the State of Indiana.

EXHIBIT C — Applicant's statement of facts to prove public convenience and necessity warrant the granting of a certificate.

EXHIBIT D — Applicant must submit proof of insurance for company and all vehicles at the state minimum of one million dollars (as may be amended).

WHEREFORE, the applicant asks the Board of Public Works and Safety for authorization to operate motor vehicles as a taxi-cab service on the city streets in New Albany, Indiana as set forth herein.

**Case No.** _____

## VERIFIED STATEMENT OF ASIF UR REHMAN IN SUPPORT OF APPLICATION FOR GRANT OF APPLICATION TO OPERATE TAXICABS IN THE CITY OF NEW ALBANY, INDIANA

### I. IDENTITY OF WITNESS:

My name is Asif Ur Rehman and I am the President and sole owner of GUL Inc, an Indiana corporation ("IN GUL") I formed on August 6, 2014, which is the sister corporation of GUL, Incorporated, a Kentucky corporation ("KY GUL"). The Louisville address above is our Kentucky location. I have been President of the Kentucky company since January of 2010 and I have owned all of the outstanding stock of the company since July of 2010. My personal business address is the same as that for the KY business, which is 1811 West Main Street Louisville, KY 40203.

I am authorized to submit this statement in support of the application for approval of our application for authority to operate one taxicab within the City of New Albany, Indiana and such other areas where we lawfully may operate upon a grant of this application by the Board.

### II. PRESENT REGULATED OPERATIONS AND AUTHORITY SOUGHT:

Kentucky GUL has authority from Kentucky Department of Vehicle Regulation to operate seventy-five taxicabs at Louisville, Kentucky. We have proper insurance and all of our drivers have appropriate qualifications. At the moment we operate thirty cabs in Louisville, although the number of units in operation fluctuates up and down from time to time.

As the IN GUL, we seek permission of the Board of Public Works to operate one cab in New Albany. We will seek permission to operate additional vehicles as the need may arise. We expect to begin the operation using the drivers we already have who live in or near New Albany.

Please note that in 2015 we sought and were granted permission by the Board to operate in New Albany and did so, but unfortunately, our permit lapsed without or knowledge. By this application we seek to get back into business in New Albany.

## III. EQUIPMENT AND FACILITIES:

Our Indiana corporation does not yet own or operate any equipment, but KY GUL does. We own and/or operate appropriate vehicles and all of our equipment is in good operating condition. We have it serviced at our own garage in Louisville, as the need arises and preventive maintenance is performed on a scheduled basis. We do not ourselves paint our cabs, but do all other work on them ourselves. All of the cabs we operate are equipped with meters, top lights, and appropriate accessories. Initially, KY GUL will lease the vehicles to IN GUL, but as we build the business, we would anticipate that IN GUL would own its own equipment.

We are particularly proud of our "Eco-Friendly" equipment. We have twenty such vehicles. These are Flex-fuel cars and we use **only** ethanol/gasoline mix and never use standard gasoline in them. These cars are painted a bright lime-green and have a special door insignia (an ear of corn) to draw attention to our dedication to a cleaner environment. All of the equipment which we propose to operate in New Albany will be identified/painted in the lime green theme and will be of the Eco-Friendly type

All of the newer vehicles are already equipped with front/rear view video camera units. These units are mounted approximately in the location of the inside rear view mirror on the front windshield and simultaneously record what takes place inside the vehicle and what takes place in front of the vehicle. Review of the recordings encourage appropriate driver conduct and adds to the safety of both the driver and the passengers.

## V. SERVICE PROPOSAL AND FACTS SUPPORTING APPROVAL:

Our hope in this application is to be granted the right to operate taxicabs at New Albany. We have several men who already drive for us who live in or near the City and we expect to use them for much of the business that we anticipate obtaining.

## VI. OUTSTANDING JUDGMENTS AGAINST APPLICANT:

There are no outstanding and/or unpaid judgments in any court against our company. It may be noted that I believe that IN GUL never received any form of citation or notice of violation during the time that we operated in New Albany.

Asif Ur Rehman, President
GUL Inc. (an Indiana corporation)

STATE OF KENTUCKY )
) SS
COUNTY OF JEFFERSON )
