

COMMUNITY DEVELOPMENT BLOCK GRANT FISCAL YEAR 2016 CONSOLIDATED ANNUAL PERFORMANCE & EVALUATION REPORT (CAPER)

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a) This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The City of New Albany's Fiscal Year 2016 (FY16) Community Development Block Grant (CDBG) One-Year Action Plan continued its commitment to low-and moderate-income residents of the City by directing funds toward projects and activities whose performance will be discussed in this report. The Department of Redevelopment implements the CDBG Program on behalf of the City of New Albany. The CDBG Program is administered by the U.S. Department of Housing and Urban Development (HUD), and has as its objectives the provision of services that benefit low- to moderate-income persons and families, and prevents or eliminates slum and/or blight.

The City prioritized the stabilization of urban neighborhoods through reinvestment in the aging park infrastructure, concentrated code enforcement, and providing safe, decent, and affordable housing for low-and moderate-income home owners including the elderly and disabled in the CDBG Target Areas.

The City designed the FY16 One-Year Action Plan (Plan) to create a suitable living environment for the urban neighborhoods throughout the community. Increased concentrated code enforcement helped to reduce blight in distressed neighborhoods. The City's housing programs assisted elderly and disabled among others in the community by sustaining the City's older housing stock (pre 1940). The City increased access to public service programs providing enrichment and educational opportunities for the urban youth in our community. The City recognizes that while progress is being made in improving access to services and activities funding limitations does not allow all goals to be achieved. As such, the City gave priority to programs that supported the capacity of local organizations and activities that provided services addressing the basic needs of our most at-risk population. Accomplishment details for the activities and projects undertaken are described in this report.

There are a number of organizations and agencies that coordinate resources and provide assistance to the community including the homeless population. These agencies include but are not limited to Hope Southern Indiana, Open Door Youth Services, Our Place Drug & Alcohol Services, YMCA of Southern Indiana, and Southern Indiana Housing Initiative members including the Center for Women and Families, The Salvation Army, Haven House Homeless Shelter, Homeless Coalition of Southern Indiana (HCSI), etc.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Indicator	Unit of Measure	Expected Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected Program Year	Actual – Progra m Year	Percent Comple te

Table 1 - Accomplishments - Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City of New Albany accomplished a successful FY16 by continuing to sustain its older housing stock (pre-1940) through the implementation of the Emergency Repair and the Repair Affair Programs by assisting 18 low- and moderate-income homeowners including the elderly and disabled with minor housing/emergency rehabs/repairs. The City continued to partner with New Direction's Housing Corporation as developer for the Neighborhood Stabilization Program (NSP) who has one affordable housing unit under construction in the area known as the Midtown Neighborhood. The NSP developer is expected to rehabilitate additional housing units with the proceeds.

Concentrated Code Enforcement has resulted in improvements to targeted neighborhoods of the City where 185 violations were addressed and approximately 82% of those concerns have been resolved.

Public service activities targeted our urban youth, providing enrichment and educational opportunities including character development, delinquency prevention, drug and alcohol prevention education, after school care & tutoring, back packs/school supplies, and recreational opportunities for 961 youth in need.

City Park improvements in the City's CDBG Target Areas continued by means of engineering and restoration of restroom facilities at Bicknell Park meant to improve accessibility to the aging park facility.

Other local resources such as Tax Increment Financing (TIF) funds provided match to Federal Highway Funded ongoing projects such as McDonald Lane Rehabilitation, Mt. Tabor Road Reconstruction, Ohio River Greenway, Grant Line South Improvements, and the 1-Way/2-Way Street Conversion helping to reduce blight on less desirable 1-way streets and increase future desirable housing and commercial developments in the downtown neighborhoods with less of a highway feel. Other improvements including Bono Road Reconstruction are projects that are meant to improve walkability and accessibility throughout the City. The TARC system constructed two new bus stops, one across from the New Albany Housing Authority on Bono Road and the other at a central shopping center for accessibility.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

	The state of the s
Race/Ethnicity	CDBG
White	523
Black/African American	281
Black/African American & White	151
Asian	1
American Indian or American Native	5
Other	18
Total	979
Hispanic	89
Non-Hispanic	890

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

Youth Programs served 961 urban youth of which 523 were White, 281 Black/African American, 151 Black/African American & White, 1 Asian, 5 American Indian/American Natives, & 18 listed as other. There were 88 of Hispanic origin. The housing programs served 18 households of which 15 were White & 3 Black/African American and 1 was Hispanic.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	CDBG	617,547	302,192
HOME	HOME	317,347	302,192
HOPWA	HOPWA		
ESG	ESG		
Other	Other		

Table 3 - Resources Made Available

Narrative

The City received \$616,940 in entitlement in FY 16 along with program income (\$607.34) brought the resources available to \$617,547.34. The largest allocation of funding at 37% went toward activities related to housing including concentrated code enforcement. Infrastructure development/public facilities was another 12% and public services provided to the urban youth was a priority. Basically, 100% of funding went toward benefiting low-and moderate-income within the jurisdiction.

Identify the geographic distribution and location of investments

	The second of the	vestileits	
Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
City of New Albany			Entire Jurisdiction
Low Income Census Tracts	99		
T- I- I	- 4 11 -25 -1		

Table 4 – Identify the geographic distribution and location of investments

Narrative

The overall size of the CDBG Target Area means that virtually no allocation is more than a few miles distance from any other point. Although there are distinct neighborhoods in the Target Area, the area is small relative to the City as a whole. Therefore the benefits are shared by the majority of the residents and businesses. Concentrated Code Enforcement and Park improvements were located in low-income concentrated areas of the City. The census tract details are included on the attached FY16 Pie Chart indicating the largest areas benefiting in the jurisdiction.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The Repair Affair Program implemented by New Directions Housing Corporation leveraged commitments of donated money, materials and in-kind labor from churches, non-profit agencies, local home improvement stores, contractors, etc., to provide elderly and disabled home owners with minor repairs leveraging a ratio of \$1.5.

The Department of Redevelopment partnered with the New Albany Parks Department, Step Ahead Council (YMCA of Southern IN, Open Door Youth Services & Our Place Drug/Alcohol), and Hope Southern Indiana to offer our urban youth, enrichment and educational services. These agencies bring additional funding at a ratio of \$1.3, and in-kind services to the programs from a variety of agencies including but not limited to the New Albany Housing Authority, 21st Century Grants, United Way and Floyd County Drug Task Force, etc.

The City currently has 7 Economic Development Areas (EDA) for the purpose of capturing tax increment. Tax increment financing (TIF) is used to fund much of the City's infrastructure improvements (i.e. road, sidewalks and park facility projects), and permits bonds to be issued for such projects when needed. TIF funds are used as local match for the INDOT/Federal Highway Projects, (FHWA) for major projects including Mt. Tabor Road, McDonald Lane, Grant Line Road South & West, the Ohio River Greenway and several other City thoroughfare projects.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

Number of Homeless households to be provided	One-Year Goal	Actual

Total	19	19

Table 6 - Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Affordable housing goals were met in FY16 by assisting 18 homeowners with minor emergency repairs. The NSP Proceeds Phase 2 has one property under rehabilitation construction for affordable housing and additional units are planned. Three tax credit properties currently serve low-income residents including the elderly in the City. St. Edward Court situated in downtown New Albany has 50 units set aside for low-income. Valley Ridge Apartments has an additional 95 low-income units as well as Brookview Glen Apartments has another 66 affordable senior housing units with 3 set aside for transient housing for the homeless.

Neighborhood improvements resulted from concentrated code enforcement that targeted CDBG distressed areas and achieved resolution to 82% of the violations assisted with the sustainability of the older housing stock. Funding and staff capacity limitations of CDBG and local funds do not allow for all goals to be met.

Discuss how these outcomes will impact future annual action plans.

The City will continue to fund the Emergency Repair and Repair Affair programs to assist low-and moderate-income home owners sustain aging housing units. The City's partnership with the NSP developer will rehabilitate or construct approximately an additional 2 more affordable housing units with developer proceeds in the next fiscal year. The Concentrated Code Enforcement Officer's enforcement of local and State codes has been successful by addressing issues that might otherwise deteriorate the housing unit and affect the neighborhood. All of these activities have been funded in the City's FY17 One-Year Action Plan submitted to HUD.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	16	0
Low-income	2	0
Moderate-income	0	0
Total	18	0

Table 7 - Number of Households Served

Narrative Information

The Fair Housing Officer attended an educational workshop for Fair Housing. He completed a compliance course and received certification from the National Affordable Housing Management Association's Fair Housing.

The City continues its partnership with New Directions Housing Corporation to provide emergency and minor repairs to households for sustainability of the units. An additional 125 tax credit units are under construction and all are set aside for affordable housing.

The City recently adopted a new Comprehensive Plan in which they recognized the need to expand the supply of affordable housing units and committed to an 8% set aside of units in all City partnered housing developments.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Homeless Coalition of Southern Indiana (HCSI), established as a result of the Vision 2025 study, began implementing the Plan. The City appropriated \$75,000 for their startup. The Coalition was able to secure an office in New Albany which served as a point of entry and referral to a broad variety of services for the homeless population. The Coalition secured the 501(c)(3) status and assisted in opening a White Flag site at the Salvation Army. The Director was was able to create a partnership with public transportation (TARC) and secure a free laundry service.

SIHI members and agencies of the local Continuum of Care continue assessing the needs of homeless persons and direct them to organizations that can assist them with their specific needs. SIHI agencies such as The Salvation Army, LifeSpring, Center for Women & Families, Hope Southern Indiana, St. Elizabeth, Haven House, etc., routinely assess homeless persons needs and refer them to other agencies that can assist as well as house them.

Addressing the emergency shelter and transitional housing needs of homeless persons

Haven House is the only emergency shelter serving the Southern Indiana community and sheltered 1,423 unduplicated individuals last year of which 329 were from New Albany. Haven House provided an additional 366 with case management, outreach, advocacy and provided mediation services with landlords. One hundred and one

(101) were children.

The Township Trustees assist homeless persons with transportation and rent if needed to avoid eviction. The Center for Women & Families (including men) provides 40 emergency shelter beds (10 rooms) for families and/or individuals who have experienced intimate partner violence. St. Elizabeth (15 beds) assisted with emergency sheltering as needed and has 12 beds in their transitional housing program/Family Stability Program.

LifeSpring has 17 permanent supportive housing units with 1 & 2 bedrooms serving individuals & familes whom are homelss and disabled. LifeSpring serves an estimated 300 through The PATH program, a homeless street outreach program that helps connect the homeless and at risk of becoming homeless co-occurring substance abuse and mental disorders participants with mental health treatment.

The Salvation Army opened their doors for a White Flag Shelter when the temperatures dropped below 35 degrees operating 40 days and serving 126 individuals (some repeat visitors). Tri-County Health Coalition opened their doors to homeless individuals during the summer days to cool down, get a snack and water.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Family Health Center of Clark, Floyd & Harrison Counties is a federally funded health center providing comprehensive medical services including medication and dental assisstance. Case management and other support services are provided to those at 200% below the federal poverty level. They served approximately 750 patients from New Albany.

Hope Southern Indiana routinely assists the homeless and housed residents in need; providing housing and utility assistance, food (including formula), bus passes, clothing, and case management.

The New Albany Housing Authority (NAHA) serves the largest population of individuals and families of extremely low and low-income and those that have been discharged from institutions and social service facilities. The NAHA has an inclusive residency policy for persons living with homelessness. This allows homeless persons to be housed more quickly. Eighty-one (81) admissions were defined as homeless amounting to 32% of all admissions. NAHA encourages discharge planners to seek placement on the wait list as soon as possible to allow time for an apartment to become available.

The New Albany Township Trustee assisted residents with rent, mortgage and utilities as needed to avoid eviction and becoming homeless or utilities being shut off. As stated before, the SIHI members/agencies routinely assist this population with a wide array of services.

The City's Emergency Repair Program along with the Repair Affair Program implemented by New Directions Housing Corporation assisted low-income homeowners with repairs that if not done might otherwise cause the house to become uninhabitable. These repairs sustain the housing unit and allow the residents to remain in their house.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Vounteers of America (VOA) & Southern Indiana's HOPWA provided emergency financial assistance to individuals at the risk of becoming homeless or having utilities shut off. HOPWA also assists with a variety of resources to achieve long-term housing stability, including financial management classes, legal assistance, career opportunities, and nutritional supplement options.

Both Clark & Floyd County Health Departments & Hoosier Hills Aids Coalition offer free HIV testing and clean works kits to clients and free substance abuse counseling and case management.

LifeSpring provided permanent supportive housing and supportive services to individuals/families that are homeless with at least one person in the household with a disability. In a collaborative effort all SIHI agencies facilitate access to services including case management, and housing for homeless individuals and families with a goal toward permanent housing. Additional available services were listed in the sections above in Section CR-25.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City of New Albany works closely with NAHA to ensure the residents of public housing receive the best possible living conditions and have access to the services that they need. In addition, the City of New Albany provided additional resources and staff to develop possible plans to assist the NAHA with future strategies and development opportunities to better serve the residents.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The NAHA holds monthly meetings open to all residents, giving them a voice in management. The NAHA provides community computer labs for the purpose of assisting residents prepare for their GED, submitting job applications and accessing information related to the NAHA management and community activities. The NAHA has a full time case manager that provides self-sufficiency classes, credit remediation counseling and budgeting assistance. Homeownership training is provided for residents and more specifically to Housing Choice Voucher recipients. The NAHA has assisted 32 families within their home ownership program with no defaults reported. The NAHA assists residents with escrow accounts that can be used for education, transportation & homeownership assistance.

Actions taken to provide assistance to troubled PHAs

N/A-The City of New Albany's Housing Authority is not troubled.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City recently adopted a new Comprehensive Plan in which they recognized the need to expand the supply of affordable housing units and committed to an 8% set aside of units in all City partnered housing developments. The City continues to expand the supply of decent affordable housing by means of rehabilitating houses through use of the Neighborhood Stabilization Program proceeds, Phase 2. The Emergency Repair and Repair Affair programs continued providing or assisting with minor rehabs and repairs to 18 owner-occupied housing units.

The City's Urban Enterprise Association (UEA) provided financial match for façade improvements to residential home owners in the Urban Enterprise Zone (UEZ).

The New Albany City Plan Commission and the New Albany Board of Zoning Appeals support the development of affordable housing by granting certain zone changes and approving reduced size lots to promote the development of affordable housing units. The New Albany City Plan Commission's Historic Preservation Officer played an integral role in meeting Section 106 National Historic Preservation Act compliance for projects. The City collaborates with agencies and organizations that hold routine meetings such as, Historic Preservation Commission, New Directions Housing Corporation, Metropolitan Housing Corporation, Southern Indiana Housing Initiative, etc., to negate barriers to affordable housing.

The City has strived to support the most vulnerable neighborhoods by investing in public infrastructure improvements including sidewalks and improvements to the City's Parks system.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City created a visual impact in neighborhoods by means of addressing 185 code violations, replacing/repairing deteriorated sidewalks and made street improvements with local funding. Quality of life projects were undertaken in FY16 by investing in improvements at the Bicknell Park restroom facilities. The need of affordable housing with the rehabilitation of 19 (13-Repair Affair, 5-Emergency Repair, & 1 NSP) affordable housing units. Funding limitations of CDBG does not allow all underserved needs to be met.

Floyd County Step Ahead Case Management Consortium collects and distributes a Southern Indiana Resource Guide directing the community to needs such as; clothes closets, counseling, drug & alcohol treatments, employment training, energy assistance, food pantries, home ownerhip classes, and housing/shelters, etc.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Federal regulations require that lead hazard evaluation and reduction be carried out for all CDBG activities receiving housing assistance for those houses that were constructed before 1978. The City is consistent with HUD's lead based paint regulations and requirements including safe lead work practices as needed for all housing rehab projects including the Emergency Repair Program as required. New Directions Housing Corporation (Subrecipient) internally

evaluated and assessed the paint hazards on all projects and determined that all of the emergency repairs required no further clearance. The "Protect Your Family from Lead in Your Home" pamphlet was distributed to rehab clients of the Emergency Repair Program as applicable.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City, in partnership with the social service and housing providers in the community, strive to help households elevate themselves out of living in poverty by supporting services aimed at developing self-sufficiency and creating jobs. The CDBG program funded four youth programs meant to provide economic empowerment to those families by providing after school care and enriching activities for the urban youth. All CDBG contracts identify and encourage Section 3 opportunities. The Fair Housing Officer undertakes advocating and educating the community regarding fair housing rights.

The NAHA assists the largest population of poverty-level families with case management and self-sufficiency tools, which has allowed them to remain in public housing for a longer period through adopted policies.

The Urban Enterprise Association (UEA) awarded \$109,752 (\$97,387 commercial & \$12,365 residential) façade grants during the last year which has resulted in private development in the downtown district and created jobs.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The Department of Redevelopment is the responsible entity for the administration of the CDBG Program and is assisted by other City departments including Board of Public Works and Safety, New Albany City Plan Commission, Department of Inspection, and other boards and commissions such as New Albany Redevelopment Commission & Authority, the Historic Preservation Commission, and Indiana Landmarks, as needed. Partnerships and collaborations with local housing and other organizations continued to be successful with, KIPDA, INDOT, FHWA, New Directions Housing Corporation, New Albany Housing Authority, New Albany-Floyd County Step Ahead Council, Metropolitan Housing Corporation (MHC), and Southern Indiana Housing (SIHI) members. The objectives of these agencies and the city are to expand the supply of safe, decent and affordable housing, assist the homeless, and provide public and social services.

The New Albany Parks Department, New Albany-Floyd County Step Ahead Council, Hope Southern Indiana, Boys & Girls Club and the YMCA partnered with the City to deliver enrichment and educational opportunities to at-risk youth in the community.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City continues to foster partnerships between not-for profits, non-profits, social service and housing agencies. The City works closely with New Directions Housing Corporation and funds rehabilitation programs that they implement. The City is a member of the local Continuum of Care, Southern Indiana Housing Initiative (SIHI). The City also, funds several social service agencies (listed above) with CDBG who provide youth asset and enrichment programs as described above.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis

of impediments to fair housing choice. 91.520(a)

The City of New Albany adopted a new Analysis of Impediments to Fair Housing Choice (AI) in 2015, and designated a new Fair Housing Officer (FHO) in early 2016. The City's Fair Housing page on the City's website was updated during FY16 to include a formal method for initiating fair housing complaints and contact information. The Fair Housing Officer (FHO) attended an educational comprehensive course for managers of multi-family housing in partnership with the New Albany Housing Authority and received certification as a Fair Housing Coordinator.

Community housing advocates including the New Albany Redevelopment Commission, the New Albany Housing Authority, Metropolitan Housing Coalition, Louisville Fair Housing Coalition, and Southern Indiana Housing Initiative convene individual monthly meetings to gather information and feedback on local barriers to fair housing and housing development.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Subrecipient Agreements, Memorandums of Agreements, or contracts were executed as applicable for all projects/activities in the FY16 Plan. The Department of Redevelopment reviewed all incoming payment requests for financial and programmatic eligibility. The Financial Compliance Manager prepared an ongoing Spend Down spreadsheet providing an analysis of all projects and activities that alerted staff to slow spenders and/or stalled projects. All Subrecipients were required to submit quarterly reports to ensure ongoing compliance with the program. A risk analysis for monitoring was not initiated this year as a new staff member was the overseer of the Subreicipients and completed onsite monitoring visits of all Subrecipients to familiarize herself with the programs. An annual Technical Assistance Workshop/power point was conducted prior to Subrecipient Agreements being executed where a review of the reporting requirements, costs eligibility, Section 3 and the OMB were all reviewed. Technical Assistance was provided throughout the program year as needed.

Public works/facility projects were monitored through weekly staff and/or engineer inspections. The applicable Davis Bacon project was monitored through weekly certified payroll submissions, employee interviews and engineering inspections.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

A draft of this report was made available on September 12, 2017, at which time a 15-day review and comment period commenced. A public hearing was held on September 12th at the New Albany Redevelopment Commission meeting. The report was distributed at several locations (library, Redevelopment Office & the City website). Notice for the public hearing and review period was published on September 1, 2017, in the local newspaper (News & Tribune) and on their website. During the annual reporting process, emails were sent to various agencies and organizations in the community seeking input. All reports are posted online at the City's website

www.cityofnewalbany.com. If comments are received they will be included as an attachment to the CAPER submitted to HUD. However, (to be inserted after comment period ends) comments were received at the public hearing or during the 15-day comment period ending September 26, 2017.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

No program objective changes have been discussed at this time.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

N/A

Notes

- 1 Also, additional funds may have been available from prior years.
- 2 The return of grant funds is not reflected in these expenditures.
- 3 Derived by dividing annual expenditures for low-and moderate-income activities by the total expenditures for all activities (excluding planning and administration, except when State planning activities have a national objective) during the program year.
- for activities that provide assistance to low- and moderate-income persons on an area basis, activities that aid in the prevention and elimination of slums and blight, and 4 For entitlement communities, these data are only for those activities that directly benefit low- and moderate-income persons or households. They do not include data activities that address urgent needs. For states, these data are reported for all activities that benefit low- and moderate-income persons or households, aid in the prevention and elimination of slums and blight, and address urgent needs.
- reported by grantees. A service or facility meeting the national objective of benefiting low- and moderate-income persons on an area basis is available to all residents calculate the total number served; e.g., if two activities providing different services had the same service area, the number of persons in the service area would be 5 This number represents the total number of persons/households for whom services/facilities were available for [in many cases] multiple area benefit activities as of the area served by the activity. If one or more activities had the same or overlapping service areas, the number of persons served by each activity was used to counted twice; once for each activity.
