#### Legal Notice Public Hearing

On or about September 27, 2012, the City of New Albany intends to submit its Program Year (PY) 2011 Consolidated Annual Performance and Evaluation Report (CAPER) and Integrated Disbursement and Information System (IDIS) Report to the United States Department of Housing and Urban Development Indianapolis Area Office, 151 North Delaware Street, Indianapolis, IN 46204. The City has prepared these reports and invites examination and solicits comments regarding the implementation of the PY11 CDBG Plan beginning September 11, 2012. Copies of the reports will be on file at the office of New Albany Redevelopment Commission and at the reference desk of the New Albany-Floyd County Public Library, 180 West Spring Street, New Albany, IN and at <a href="https://www.cityofnewalbany.com">www.cityofnewalbany.com</a>,

In addition, the New Albany Redevelopment Commission will hold a public hearing at 2:30 p.m., September 11, 2012, to receive and consider all comments. The Commission will consider written comments submitted to its office, Room 325, City-County Building, New Albany, IN 47150 until 4:00 p.m., on September 26, 2012.

New Albany Redevelopment Commission

Publish Date: September 1, 2012

#### **GENERAL**

# City of New Albany's Consolidated Plan 2010-2014: Fiscal Year 2011 One-Year Action Plan Period (7/1/2011-6/30/2012)

#### PY 2011 Executive Summary

The City of New Albany prepared the 2011 Program Year Annual Action Plan that directed funds for projects and activities including planning and administration, whose performance will be discussed in this report. This document provides detailed information on the projects and the activities undertaken by the Department of Redevelopment on behalf of the City of New Albany pertinent to the Community Development Block Grant (CDBG) Program for FY2011. The CDBG Program is administered by the U.S. Department of Housing and Urban Development (HUD), and has as its objectives the provision of services that benefit low- to moderate-income persons and families and prevents or eliminates slum and/or blight.

The City designed the 2011 One-Year Action Plan to create a suitable living environment throughout the community making urban neighborhoods accessible by replacing deteriorated sidewalks and adding handicap accessible ramps. The Plan continued programs that provided affordable housing activities and public services that sustain neighborhoods.

The Department of New Albany Redevelopment staff, contractors and subrecipients successfully completed the following activities and projects: minor emergency housing rehabilitation, acquisition, clearance/demolition, and concentrated code enforcement, direct down payment assistance, youth enrichment/asset programs, sidewalk improvements, preliminary engineering and a recidivism program. The FY2011 CDBG Program expended \$1,225,843.95. Each project's objective and outcome is detailed on individual Project Worksheets.

# Summary of Resources and Distribution of Funds 1) Summary of Resources and Distribution of Funds:

#### a. Provide a description of the resources made available

Program Year 2011 Entitlement	\$ 660,953.00

Code Enforcement Program: 12,387 (program is not compiled by race but by census).

#### e. Provide actions taken to affirmatively further fair housing

The City of New Albany completed and adopted its Analysis of Impediments to Fair Housing Choice (AI) in June 2010. The lack of affordable housing (1 impediment listed in the AI) was addressed through its Neighborhood Stabilization Program (NSP). The \$6.7 million IHCDA grant provided funding for the acquisition of 29 vacant/foreclosed properties of which 23 have been completely rehabbed and/or newly constructed and 4 more are under construction. Eleven have been sold to low-moderate income individuals/families. Another 9 are on the market with 4 pending offers. Private investors are completing additional rehabs and repairs in the neighborhood.

A senior housing complex (Tannery Common) utilizing Low Income Housing Tax Credits is being developed to provide 30 affordable housing units. The Phase 1 Environmental Assessment and Phase 2 (water testing and drilling) were both completed. Closing on the real estate is expected in fall 2012 with completion and occupancy of the development by December 2013.

The Department of Redevelopment continues to address the lack of public transportation which restricts living options. Funding sidewalk improvements and exploring options to reestablish a streetcar line throughout the City's urban core is underway. The City contracted for a conceptual design for an area of the inner-city known as the North Y that serves as a connector to the downtown and to help with pedestrian and automobile traffic flow. The engineer has prepared 3 alternatives of which the Commission has not taken action on yet.

Targeted efforts were made to encourage minorities and the disabled to participate in local government activities. The New Albany Redevelopment Commission and the New Albany Redevelopment Authority both have minority board members appointed by the Mayor.

The City's (Acting) Fair Housing Officer fielded 26 (twenty-six) in person, email, or telephone inquiries during the Program Year, of which all were determined to be landlord and tenant disputes, and thus not subject to Federal, State, or local Fair Housing laws. (To the extent possible, the (Acting) Fair Housing Officer assists callers in landlord-tenant disputes in seeking other assistance to resolve the disputes.) In May, the (Acting) Fair Housing Officer met with prospective first-time home-buyers through a program run by the New Albany Salvation Army to discuss housing equality issues with attendees of the program and distributed various Fair Housing literatures to the students and the Salvation Army. Though not directly related, the City created its first Human Rights Commission in 2012 and efforts may be taken in the future to work closely with the HRC.

Community affordable housing advocates including representatives of the New Albany Redevelopment Commission, the New Albany Housing Authority, Metropolitan Housing Coalition, and Southern Indiana Housing Initiative convene monthly to gather information and feedback on local barriers to fair housing and housing development.

# f. Provide other actions indicated in the strategic plan and the action plan.

The City has been aggressive in the past year and continues the scheduled public works projects which are funded through other resources including; Tax Increment

Financing Funds, Economic Development Income Tax Funds, STP, FHWA & CMAQ, and other local funds. These infrastructure projects such as road and sidewalk improvements, including engineering currently include former State Road 111 projects (including Grant Line North Improvements, Beechwood Avenue, Vincennes Street and Main Street) and Grantline West Industrial Park Infrastructure Phase 1, Rainbow Drive Reconstruction was completed in FY11. Slate Run Road Improvements is still in the engineering phase, Downtown Signals and Ramps, Charlestown Road Sidewalks and Street Improvements were partially completed in FY11 and another phase is scheduled for this year. State Street Streetscape was completed in FY11. McDonald Lane and Mt. Tabor Road Improvements (INDOT/FHWA Projects) are both in the engineering phase and will enter the right-of-way phase in FY12.

#### General CAPER Narratives:

#### 2) Assessment of Five Year Goals and Objectives

#### a. Describe the accomplishments in attaining the goals and objectives for the reporting period.

The City of New Albany accomplished a successful second year of the 2011-2014 Five-Year Consolidated Plan. The City continues to successfully sustain its older housing stock by way of funding minor housing/emergency rehabs/repairs for low-and moderate-income homeowners including the elderly and disabled. The City partners with New Directions Housing Corporation which implements the Repair Affair and Emergency Repair Programs that provided housing repairs to 52 owner-occupied household in FY11. The City funded direct down payment assistance/closing costs for 1 disabled individual. Seven others went on to be home owners with assistance from our NSP Home Buyer Incentive Program. The City's Neighborhood Stabilization Program (NSP) continued to rehabilitate and construct new houses that were formerly vacant &/or foreclosed properties as affordable housing units in a concentrated area now known as the Midtown Neighborhood. Twenty-three units have been completed in Midtown and four more are currently under construction. Eleven have sold and 9 other houses are on the market with 4 pending sales.

The Midtown NSP neighborhood was targeted for clean up by the Concentrated Code Enforcement Officer and has shown improvement. Of a 191 notices of violations that were issued 180 of them were corrected by home owners in FY11. Two families were assisted with temporarily relocation due to code enforcement and two clearance activities were completed during the program year.

Public service activities targeted our urban youth. Youth basketball camps, drug and alcohol prevention education, after school care & tutoring, school supplies & recreational activities, character development, delinquency prevention and educational opportunities were all activities provided to 572 youth in need.

The City's deteriorating infrastructure has greatly improved in several areas of the City during the 2011 Program Year. The following improvements were funded with CDBG and other local resources such as TIF; Charlestown Road Street Improvements (Phase 2), State Street Streetscape Phase 2, Daisy Lane Phases 3 & 4, Downtown Signal Improvements, Rainbow Drive Reconstruction, Midtown & East Spring Street Neighborhood Sidewalks, Former SR111 (Grant Line, Beechwood, Vincennes & Main

Sts.) and City Street paving in various locations. Improvements include handicap accessible ramps and curbs as needed.

The City of New Albany's Department of Energy (DOE) grant provided for audits both residential and commercial/retail properties and will assist home owners/landlords and property owners with upgrades to become energy efficient. A professional energy rater conducted nine residential energy audits and has recommended upgrades to be completed by the end of 2012.

b. Provide a breakdown of the CPD formula grant funds spent on grant activities for each goal and objective. \*If using the CPMP Tool: Use Needs Tables, Annual Housing Completion Goals, Summary of Specific Annual Objectives. (Use of these tables is sufficient, additional narrative is not required.)

Direct Down Payment Assistance Repair Affair	\$ 5,740.51 \$ 10,336.65
Minor Housing Rehab/Emergency Repair Program	\$211,786.78
Code Enforcement	\$ 43,807.46
Sidewalks Improvements/North Y Feasibility	\$770,234.57
Acquisition	\$ 22,654.14
Clearance/Dilapidated Housing	\$ 4,810.88
Optional Relocation	\$ 1,685.22
Youth Enrichment & Asset Programs	\$ 58,806.53
Property Disposition/Property Maintenance	\$ 587.31
Recidivism Program	\$ 5,126.34
General Planning & Administration	\$ 90,267.56
Total Expended During the Program Year 2011	\$1,225,843.95

# c. If applicable, explain why progress was not made towards meeting the goals and objectives.

Progress to salvage the Linden Meadows affordable housing development has taken a significant turn for the worse. The prospective developer, Captains View, LLC, has back out of its offer to purchase the property from the leaseholders, PNC Bank and the Indiana Housing Community Development Authority (IHCDA). Also, the City of New Albany has requested that IHCDA assign its interest to it so that the New Albany Redevelopment Commission could perfect a foreclosure and clean title against the now defunct New Albany Community Housing Development Organization (CHDO). Instead, IHCDA simply unilaterally released its interest in the project. The fate of Linden Meadows is now murkier than ever.

#### 3) Affirmatively Furthering Fair Housing

#### a. Provide a summary of impediments to fair housing choice.

The City's Analysis of Impediments to Fair Housing Choice adopted on June 15, 2010 identifies the following 5 potential impediments.

Lack of Affordable Housing in some areas of the City;

- Lack of reliable and convenient public transportation throughout the City which restricts living options;
- Potential for resistance to development of Affordable Housing in some neighborhoods as evidenced in the Linden Meadows situation;
- Lack of a Fair Housing testing program to determine whether discrimination is occurring which can't be determined through data analysis; and
- Lack of understanding about fair housing and its issues.

# b. Identify actions taken to overcome effects of impediments identified in the jurisdiction's Analysis of Impediments.

The City addressed the lack of affordable housing through its Neighborhood Stabilization Program (NSP). The \$6.7 million grant has provided funding for the acquisition of 29 houses/parcels of which 23 have been rehabbed or newly constructed and 11 have been sold. Three have offers and sales pending. Another 4 are still under construction. Private investors are completing additional rehabs and repairs in the neighborhood. Twenty-five percent of this grant is set aside for benefit to 50% AMI.

A senior housing complex (Tannery Common) utilizing Low Income Housing Tax Credits is being developed to provide 30 affordable housing units. The Phase 1 Environmental Assessment and Phase 2 (water testing and drilling) were completed in 2011/2012. Closing is expected this fall on the property and construction and occupancy will be completed by December 2013.

The Department of Redevelopment continues to address the lack of public transportation which restricts living options by funding sidewalk improvements, Funding provision of sidewalks where none exist and networking with others to reestablish a streetcar through the City's urban core. The City contracted for a conceptual design for an area known as the North Y that serves as a connector to the downtown to help with pedestrian and automobile traffic flow. The engineer has drafted 3 alternatives of which the Commission will consider in the next few months.

Targeted efforts are made by The New Albany Redevelopment Commission, the New Albany Redevelopment Authority and the New Albany Housing Authority to increase fair housing awareness and encourage minorities and the disabled to participate in local government activities. The President of the Redevelopment Commission and the Redevelopment Authority are both minorities appointed to these boards by the City's Mayor. Also, a member of the NAHA is a minority resident of public housing.

The City's (Acting) Fair Housing Officer fielded 26 (twenty-six) in person, email, or telephone inquiries during the Program Year, of which all were determined to be landlord and tenant disputes, and thus not subject to Federal, State, or local Fair Housing laws. (To the extent possible, the (Acting) Fair Housing Officer assists callers in landlord-tenant disputes in seeking other assistance to resolve the disputes.) In May, the (Acting) Fair Housing Officer met with prospective first-time home-buyers through a program run by the New Albany Salvation Army to discuss housing equality issues with attendees of the program and distributed various Fair Housing literatures to the students and the Salvation Army. Though not directly related, the City created its first Human Rights Commission in 2012 and efforts may be taken in the future to work closely with the HRC.

Finally, during the FY2012 CDBG Program the City of New Albany intends to develop a community-wide housing development strategy, a component of which will include addressing local Fair Housing issues.

#### Address Obstacles to Meeting Underserved Needs

# Identify actions taken to address obstacles to meeting underserved needs.

The combined 26% reduction of the CDBG allocation in the last two years and general lack of other available funds to the City of New Albany for housing, public services and infrastructure projects is the most substantial obstacle identified to meeting underserved needs. Even though promoting affordable housing in all areas of the City continues to be a top priority and an underserved need the poor economy and lack of funds causes areas of the City to go without the services, repairs and housing needed.

The City was awarded a \$525,000 grant for Owner Occupied Rehab from IHCDA to assist with the owner-occupied housing needs in the NSP area which includes the City's older housing stock. The local community action agency, CASI has implemented the weatherization program for many years in the City and adjoining counties and continues even though the program is grossly underfunded. The improvements included insulation, water heaters, roofs, breaker boxes, etc.

#### 4) Foster and Maintain Affordable Housing

#### Identify actions taken to foster and maintain affordable housing.

The Redevelopment Commission successfully partnered with New Directions Housing Corporation to maintain & sustain affordable housing units through minor repairs/ rehabs for a total of 52 housing units (37 Emergency Repair Program and 15 Repair Affair). One first-time homebuyer received direct down payment assistance/closing costs associated with the purchase of an affordable home. Seven others went on to be home owners with assistance from our NSP Home Buyer Incentive Program.

Records show that city agencies including the Plan Commission, Common Council and Board of Zoning Appeals routinely approve zoning of small lot/affordable housing developments.

The City was awarded a \$525,000 grant from IHCDA for the purpose of assisting with 21 owner-occupied housing rehabs to sustain affordable housing in the NSP/Midtown area.

The local community action agency, CASI has implemented the weatherization program for many years and continues the improvements including insulation, water heaters, roofs, breaker boxes, etc.

The City's Neighborhood Stabilization Program (NSP) continued to rehabilitate vacant & foreclosed properties as affordable housing units in a concentrated area now known as Midtown. Twenty-three (23) units have been completed and four more are currently under construction. Eleven have sold and 9 other houses are on the market with 4 pending sales. Twenty-five percent of this grant is set aside for 50% AMI.

A City of New Albany resident is a member of the Metropolitan Housing Coalition (MHC) board and a member of the S. Ellen Jones Neighborhood Association. MHC wrote the 2011 Analysis of Impediments to Fair Housing Choice in Louisville Metro (adjacent community), which was adopted by the city of Louisville as its official policy. MHC has continued to work to revamp the local Affordable Housing Trust Fund (AHTF) ordinance, leading to a second ordinance passed by the Louisville Metro Council. MHC also produced the annual State of Metropolitan Housing Report, an ongoing report card of the fair and affordable housing challenges and successes in the Louisville metropolitan region.

All of the above serve as tools to turn neighborhood liabilities into assets and other affordable housing.

#### 5) Leveraging Resources

### a. Identify progress in obtaining "other" public and private resources to address needs.

The City of New Albany has been successful in obtaining partnerships with many public and private agencies that assisted with the 2011 CDBG projects. New Directions Housing Corporation brings local banks, churches, universities, etc. together as in-kind labor for the Repair Affair projects as well as receives donated materials from home improvement stores. The Emergency Repair Program combines Horseshoe Foundation funds and Urban Enterprise Association funds with this program as needed to complete a repair when the \$5,000 CDBG commitment is not enough to cover the costs of the repair.

The City also partners with the New Albany-Floyd County Parks Department, Step Ahead/NA-FC Schools, Interfaith Community Council and Harrison Education & Literacy Program to offer youth and other programs. These agencies bring other funds and in-kind services to the programs that are reported on the IDIS system.

The City currently has 7 Economic Development Areas (EDA) for the purpose of capturing tax increment. Tax increment financing (TIF) is used to fund much of the City's infrastructure improvement projects and permits bonds to be issued for such projects when needed. These funds can be combined with CDBG projects such as was done with the Charlestown Road Improvement Phases or used as match for major INDOT/FHWA projects including Mt. Tabor Road, McDonald Lane as well as the Grantline Road West EDA funded project and several other City thoroughfare projects.

During the 2011 program year the City continued implementation of a \$165,900 United States Department of Energy (DOE) grant meant to evaluate and implement strategies to reduce the carbon footprint and save the community money by being more energy efficient. Working with consultants from Keramida, Inc., of Indianapolis, the City conducted a detailed self-evaluation to establish an energy profile and completed the A Vibrant Plan outlining the program. The City hired an Energy Audit Coordinator to oversee the Energy Audit Program and executed a professional services contract to conduct residential and commercial audits. Nine (9) residential audits were completed during the program year.

# b. Describe how Federal resources from HUD leveraged other public and private resources.

The City's \$10,336 CDBG commitment to the Repair Affair Program serving the elderly and disabled with an average age of 67 leveraged commitments of materials and in-kind labor from local home improvement stores, contractors, and other agencies. The in-kind labor and donated materials for this project totaled \$22,351.

The Emergency Repair Program implemented by New Directions Housing Corporation for the elderly, disabled and low-and moderate-income homeowners was assisted by \$3,855 of Horseshoe Foundation and Urban Enterprise Association (UEA) funds.

CDBG funded several youth programs in the amount of \$58,806. The New Albany-Floyd County Parks Department implemented the Youth Enrichment Program and received additional resources (\$6,590) from a variety of agencies including but not limited to the; New Albany Housing Authority, Interfaith Community Council, Rauch Industries, and the Ruth Braetigan Trust. The Youth Asset Program leveraged an estimated \$96,500 from 21<sup>st</sup> Century Grants, State Addiction Program, Indiana State Youth Services, United Way and Floyd County Drug Task Force & Afterschool Alliance, etc. The Recidivism program was assisted by the Horseshoe Foundation and in-kind services in the amount of \$16,813.

See 5a, for additional information regarding leveraged resources.

c. Describe how matching requirements were satisfied.

N/A

#### 6) Citizen Participation

a. Provide a summary of citizen comments.

\*Please note that Citizen Comments and Responses may be included as additional files within the CPMP Tool.

A draft of this report was made available to the public for review and comment beginning September 11, 2012. Notice for the public hearing and review period was published on September 1<sup>st</sup> in the local newspaper (News & Tribune) prior to commencement of the review period. ## of comments (to be inserted) were received at the public hearing or during the 15-day comment period ending September 26, 2012.

b. Describe how consideration was given to comments or views of citizens, received in writing or orally at public hearings, in preparing the CAPER.

During the annual reporting process draft copies of the CAPER were sent to various agencies, neighborhood associations and organizations in the community and the region seeking input on the completed projects/activities. Earlier in the Plan process the Citizen Participation Plan and FY2011 One-year Action Plan were both published in the local newspaper and distributed to agencies indicating the time of the report and comment period. All reports are posted online at the City's website <a href="https://www.cityofnewalbany.com">www.cityofnewalbany.com</a>. All comments are responded to in writing.

#### 7) Institutional Structure

# Describe actions taken during the last year to overcome gaps in institutional structures and enhance coordination.

The Department of Redevelopment is the responsible entity for the administration of the CDBG Program and is assisted by other departments including; Board of Public Works and Safety, City Plan Commission, Department of Inspection, and other boards and commissions of the City including the Historic Preservation Commission and the NA-FC Parks Department as needed.

Partnerships and collaborations with local housing and other organizations continued to be successful with the River Hills, KIPDA, FHWA, New Directions Housing Corporation, NA-FC Step Ahead, Harrison Education & Literacy, Metropolitan Housing Corporation (MHC), Southern Indiana Housing (SIHI) and Housing Partnership Inc., (HPI) which the Director of Community Housing Initiatives sits on the board of Directors. The objectives of these agencies and the city are to expand the supply of safe, decent and affordable housing, assist the homeless and provide public services.

The NA-FC Parks Department, NA-FC School Corporation (Step Ahead), IUS and the YMCA partnered with the City to deliver enrichment and educational opportunities to at-risk youth in the community.

#### 8) Monitoring

# a. Describe actions taken to monitor the jurisdiction's performance in meeting objectives and outcomes set forth in its strategic plan.

Subrecipient Agreements, Memorandums of Agreements or contracts are executed as applicable. The Department of Redevelopment reviews all incoming payment requests for financial eligibility. An ongoing monthly analysis of all projects and activities alerts staff to slow spenders and/or stalled projects. Staff meetings assisted with the coordination of the projects and programmatic monitoring.

# b. Describe how and the frequency with which you monitored your activities, including subrecipients (including sponsors or administering agents).

Financial monitoring was completed on a monthly basis or with each draw request, whichever was applicable. All of the agreements require quarterly reports to be submitted to ensure ongoing compliance with the program. On-site programmatic monitoring visits are scheduled throughout the program year for our subrecipients per a risk analysis of each program performed to see if on-site monitoring is necessary that year.

An annual Technical Assistance Workshop was conducted on July 26, 2011. Subrecipients are required to attend. A review of the reporting requirements, costs eligibility, Section 3 and the OMB were all reviewed. Technical Assistance was provided as needed. Onsite monitoring was conducted on May 17, 2012.

Construction projects were monitored through weekly staff and/or engineer inspections. The applicable Davis Bacon project was monitored through weekly certified payroll submissions and engineering inspections.

### c. Describe the results of your monitoring including any improvements made as a result.

All Subrecipients administered their programs successfully this year by providing the services required and submitting the required quarterly and final reports. Timely payments were requested for eligible costs either monthly or at a minimum at the end of each quarter. Some instances of double counting of youth participants that was identified in the last program year were corrected.

# d. Describe actions taken to ensure compliance with program requirements, including requirements involving the timeliness of expenditures.

The Subrecipient Agreement required quarterly reports so that any concern with compliance will be noticed early into the project. Payments requests are required to be submitted monthly or at least quarterly per the agreement.

The Financial Compliance Manager completes a monthly spend down projection of the projects/activities which helps to ensure timely spending.

# e. Describe steps/actions taken to ensure long-term compliance with housing codes, including any actions or on-site inspections undertaken during the program year.

The City's Concentrated Code Enforcement Officer (CCEO) inspected a minimum of 191 target area properties during the program year per the amended enforcement ordinance requiring home owners to clean up their property within 10 days of notice of violation. The Midtown Neighborhood is the target of concentration for the CCEO. This area is being targeted because of the \$6.7 million Neighborhood Stabilization Program grant that is underway and near completion early next year. All of the NSP houses are brought up to housing code.

#### f. What is the status of your grant programs?

- i) Are any activities or strategies falling behind schedule?
- ii) Are grant disbursements timely?
- iii) Do actual expenditures differ from letter of credit disbursements?
- i) All projects with the exception of Linden Meadows Project (refer to page 5) were implemented in the program and performed as required and financial monitoring takes place with each draw.
- ii & iii) The City draws funds for claims as needed on a pay as you go basis for current invoices/claims and in time for the City Controller's payment schedule. Draws are disbursed within the 3-day rule. The City met its timeliness test at the end of April 2012 at rate of 1.1%. Program income is recorded at the time of draw down and the draw is reduced by that amount monthly. Subrecipients are required to draw funds not less than quarterly and preferably monthly.

#### 9) Antipoverty Strategy

Describe actions taken during the last year to reduce the number of persons living below the poverty level.

The New Albany Housing Authority has the City's largest poverty population concentration. According to the NAHA in the past five years they have been able to access \$2,629,773 in grant funding for Resident Opportunities and Self Sufficiency (ROSS). Listed below is their detailed strategy.

- 1. NAHA has 4 fulltime grant funded case managers for approximately 200 residents 18 year or older residing in public housing and enroll in the self-sufficiency program. Residents receive a needs assessment and individual service plan, access to budgeting, mental health services, and assistance with tuition applications, work referrals, transportation assistance, and other supportive services required to achieve self-sufficiency. NAHA also has a service coordinator to work with community resources to provide health, wellness and educational services to both youth and elderly populations. In addition, NAHA has a transportation aide who provides limited transportation to community resources, medical appointments, job interviews, and other sustaining services using NAHA funded vehicles. The Public Housing program now participates in the homeownership program with 10 Housing Choice Vouchers dedicated to homeownership.
- 2. NAHA has one fulltime case manager to provide self sufficiency, credit remediation programs, budgeting and home ownership training to Housing Choice Voucher recipients.
- 3. NAHA continues their partnership with Family Scholar House to create a community of academic strivers in a supportive environment at Valley View Court, a Housing Choice Voucher project based subdivision. On site case management provides not only self sufficiency but also academic services resulting in a 2-year or 4-year degree.
- 4. NAHA contributed over \$200,000 to escrow accounts for residents that are used for education, training, and purchase of reliable transportation or homeownership.
- 5. NAHA is the recipient of a second 3-year ROSS in the amount of \$424,000 grant for families. This grant provides case management, wellness programs, referrals to community resources, transportation, linkage with work programs, social activities, and other services as needed.
- 6. NAHA has adopted income exclusion policies allowing residents to keep a larger portion of their earnings, pay a smaller portion for rent and utilities and move from public housing to market rate homes.
- 7. NAHA has partnered with volunteers who provide budgeting, credit remediation, homeownership, and home maintenance.
- 8. During the most recent HUD funding cycle the NAHA applied for \$528,000 to continue the efforts to break the cycle of poverty. These funds will provided family self sufficiency case managers, service coordinators and fund a Section 8 Case Manager if awarded.
- 9. During FY11 NAHA was awarded \$702,000 in one-and three year awards for self sufficiency activities for all residents.
- 10. NAHA uses the Housing Choice Vouchers toward moving residents from public housing into home ownership.

#### Self-Evaluation

10) Provide an evaluation of accomplishments. This evaluation must include a comparison of the proposed versus actual outcomes of each outcome measure submitted with the strategic plan and explain, if

applicable, why progress was not made toward meeting goals and objectives.

\*If using the CPMP Tool: Use Summary of Specific Annual Objectives. (The following IDIS Reports will be reviewed to determine satisfaction of this requirement: PR03, PR06, PR23, PR83, PR84, PR85)

#### Consider the following when providing this self-evaluation:

- a) Describe the effect programs had in solving neighborhood and community problems.
- b) Describe the progress made in meeting priority needs and specific objectives.
- c) Describe how activities and strategies made an impact on identified needs.
- d) Identify indicators that best describe the results of activities during the reporting period.
- e) Identify barriers that had a negative impact on fulfilling the strategic and overall vision.

The City made significant progress towards meeting its community development goals and objectives. The City's housing and home ownership programs were created with the objective of providing affordable and decent housing for homeowners and First-Time Homebuyers with the long-term goal of sustaining the neighborhoods in the community. The City has rehabbed or constructed 23 houses with the Neighborhood Stabilization Program \$6.7 million grant for the purpose of stabilizing the S. Ellen Jones Neighborhood/Midtown Neighborhood by purchasing foreclosed and abandoned houses in this neighborhood. Eighty-six percent of the grant has been expended. The Emergency Repair Program, Repair Affair and Direct Down Payment Assistance assisted low-moderate income families/individuals to either become home owners and/or repairs that allowed them to stay in their home for the purpose of sustaining affordable decent housing and sustain the neighborhood as a whole.

The City's public service programs offered services and opportunities that might not otherwise be available to enrich and educate these urban youth. These activities are meant to improve their living environments and introduce them to new activities.

Sidewalk improvements with CDBG and street improvements with local funds provided accessibility within the inner-City for the purpose of creating a more suitable living environment for those neighborhoods. The code enforcement activities has resulted in neighborhoods being cleaned up and landlords and home owners taking a more hands on approach to their entire neighboring environment and not just their specific property.

In addition to the CDBG projects, the City's long-range development plan for the central business district continues to drive positive redevelopment. The construction of the YMCA of Southern Indiana and City Aquatic Center which opened in the fall of 2009 and has served as an anchor for the revitalization of the downtown and riverfront area.

The City is still in the process of marketing several acres adjacent to and east of the YMCA/Aquatic Center for mixed use development. An adjoining privately-owned parcel, known as the Reisz Building is once again being proposed as a 74-unit senior affordable housing development. An application was submitted to IHCDA for lower-

income housing for the 2012 QAP offering, but rejected. A new application will be submitted for the 2013 QAP offering.

The New Albany Redevelopment Commission and the New Albany City Plan Commission began implementing the adopted Downtown Riverfront Master Plan and its land use changes. This plan has attracted new retail, commercial and residential developments to the downtown.

Two indicators best describe the City of New Albany's performance. Number of persons/households assisted and the income level of those persons and households.

See the Summary of Specific Annual Objectives for the proposed versus the actual outcome of the projects/activities.

# 11) Identify whether major goals are on target and discuss reasons for those that are not on target.

The City's FY11 Action Plan goals and objectives were achieved through the following:

Housing rehabilitation which included the Emergency Repair Program, Repair Affair, and the Neighborhood Stabilization Program are all on target. NSP is 86% complete, ERP completed 37 projects and Repair Affair completed 15.

The Concentrated Code Enforcement Officer completed inspections and issued a minimum of 191 violation notices in the Midtown Neighborhood of which 180 was corrected.

Public Services were provided for urban youth throughout the CDBG Target Areas.

12) Identify any adjustments or improvements to strategies and activities that might meet your needs more effectively.

Other than increase in funds to implement additional activities no adjustments to the strategy are anticipated at this time.

#### HOUSING

Affordable Housing- Additional comments on the NAHA will be inserted at meeting.

- 13) Evaluate progress in meeting its specific affordable housing objectives, including:
  - a. Comparison of proposed numeric goals (from the strategic plan and annual plan) with the actual number of extremely low-income, low-income, and moderate-income renter and owner households assisted during the reporting period.
  - \* If using the CPMP Tool: Use Need/Housings, Needs/Community Development, Annual Housing Completion Goals, Summary of Specific Annual Objectives.

The City's discussions with IHCDA concerning the lack of funding to local governments for owner-occupied housing rehabilitation finally paid off. IHCDA awarded the City a \$525,000 owner-occupied housing rehab grant for the Midtown Neighborhood where the greatest need for affordable housing in the City of New Albany is for extremely low and low-income.

See the Project Worksheets, Summary of Objectives & Housing Needs Chart for actual comparisons.

b. Report the number of households served meeting the Section 215 requirements of affordable housing (essentially meeting the definitions in 24 CFR 92.252 and 92.254 for renters and owners, respectively).

\*If using the CPMP Tool: Annual Housing Completion Goals
(Use of this table is sufficient no additional narrative is required)

See the Annual Housing Completion Goals Table.

Describe efforts to address worst case needs (defined as low-income renters with severe cost burden, in substandard housing, or involuntarily displaced).

The City's Concentrated Code Enforcement Officer (CCEO) inspected and/or issued violations to 191 households including rental properties. The CCEO has worked in conjunction with the Building Commissioner, New Albany City Plan Commission, City Attorney, Health Department, NAHA, Township Trustee's Office, and The Salvation Army to enforce City and State codes and ordinance's ranging from property maintenance, cleanliness of premise, zoning, health, and renter's rights. Two families were relocated due to code violations.

### c. Description of efforts to address the accessibility needs of persons with disabilities.

The Repair Affair Program targets elderly and disabled home owners that need assistance maintaining their homes so that they might be able to continue to reside and have self-sufficiency with such repairs as ramps, handicap accessible doors and facilities.

The America Recovery and Reinvestment Act (ARRA) supported signal modifications and constructed new ADA compliant ramps throughout the downtown area for the accessibility for persons with disabilities.

NAHA completed site improvements of community spaces at Beechwood Court, Vance Court, Parkview Towers, Riverview Towers, Riverside Terrace, and Mark Elrod Towers to meet the requirements of Section 504, Americans with Disabilities Act. These funds provided accessible access, laundry facilities, meeting space, office spaces as well as community kitchens at Riverview Towers and Mark Elrod Towers. The ARRA Competitive Funds at Parkview Terrace were awarded to renovate 24 units of public housing to meet the requirements of Section 504. NAHA has invested \$4.7 million in formula Capital Funds and ARRA funding in Section 504 improvements which were expected to be completed by June 2012. This made the required units and public spaces of NAHA completely accessible. In Section 8, NAHA has made available exception rents, up to 120% of the FMR for accessible units for persons with disabilities. NAHA does not directly supply housing to HCV tenant based

recipients, but rather has separate contracts with tenants and landlords via the HAP contracts. In June 2012, NAHA opened 24 mobility impaired units, 1, 2, 3, and 4 bedrooms for use by low income tenants. NAHA accepts requests for reasonable accommodation from all residents and based on feasibility of each requests considers and responds in a timely manner.

#### Public Housing Strategy

# 14) Describe actions taken during the last year to improve public housing and resident initiatives.

This year NAHA was awarded the status of High Performer by HUD. This is based on objective scoring by the Department in the areas of physical assessment, management operations, financial and compliance assessment and capital funds.

In 2009 HUD mandated a change in public housing operations. The NAHA shifted to asset-based operations at their nine properties which are now arranged into 3 Asset Managed Projects/Properties that includes 1,082 (819 family and 263 elderly) housing units. Vacancy rate has been reduced.

NAHA is in the process of evaluating the housing stock and the surrounding neighborhoods of each of the sites of NAHA. NAHA is currently working with HUD Headquarters as part of a pilot project to convert public housing properties to project-based housing choice vouchers. This would allow NAHA to access the traditional funding streams that for profit developers utilize including the 9% Low Income Housing Tax Credit. The jurisdiction can best assist in developing quality low-income housing by providing match for available HUD funding, either through inkind donation of property or matching funds to leverage other grant funding. In addition, the jurisdiction can provide economic development assistance through partnerships to develop quality grant applications.

The FSS program partners with various volunteers to bring residents to the level of viable homeowners. Currently NAHA has 24 homeowners who have passed through the program and has experienced no foreclosures to date. NAHA has 4 former HCV recipients who moved into their own home and are using the HCV subsidy to insure successful homeownership.

Residents are invited, incentivized and encouraged to participate in the management of public housing through monthly newsletters to every resident with a form to provide comments, annually development specific resident meetings are held to provide an opportunity to meet with both management and administration. A five-year plan is developed and on display year round. In addition, NAHA currently has one active resident council at Riverview Towers and one under development at Mark Elrod Towers.

NAHA is proposing to deconcentrate the number of units at Parkview/Broadmeade by applying for Low Income Housing Tax Credits, which in conjunction with the HUD Rental Assistance Demonstration Program would replace 122 units of aging public housing property with 70 units of project based Section 8. The remaining units would be rebuilt at a later date contingent on the availability of sufficient acreage to replace the hard units.

NAHA continues to provide community computer labs for the purpose of GED, high school credit remediation, after-school tutoring, resident access to the benefits of the internet including job applications, communicating with family, and accessing information related to wellness and community activities.

#### Barriers to Affordable Housing

# 15) Describe actions taken during the last year to eliminate barriers to affordable housing.

The New Albany City Plan Commission and the New Albany Board of Zoning Appeals continued to support the development of affordable housing throughout the planning jurisdiction, which includes the City of New Albany and its Unincorporated Two-Mile Fringe Area by granting certain zone changes and approving subdivisions with reduced lot sizes to promote the development of affordable housing units. The Board granted development standards variances to assist in the development of new affordable housing, including on small, existing platted lots. Such development requests have become increasingly infrequent as New Albany continues to weather the current economy and related reluctance of lenders to provide financing for housing development.

The New Albany City Plan Commission played an integral role in meeting Section 106 National Historic Preservation Act compliance for projects, which included successful historic preservation reviews by the Indiana Housing and Community Development Authority (IHCDA) for every submitted project of the Owner-Occupied CDBG-D award.

The FSS program partners with various volunteers to bring residents to the level of viable homeowners. Currently NAHA has 24 homeowners who have passed through the program and has experienced no foreclosures to date. NAHA has 4 former HCV recipients who moved into their own home and are using the HCV subsidy to insure successful homeownership.

#### Lead-based Paint

# 16) Describe actions taken during the last year to evaluate and reduce lead-based paint hazards.

The City is consistent with HUD's lead based paint regulations and requirements including safe lead work practices for all home ownership and housing rehab projects. New Directions Housing Corporation (Subrecipient) distributes the "Protect Your Family from Lead in Your Home" pamphlet to all rehab clients and clients purchasing the NSP houses.

#### HOMFI FSS

#### Homeless Needs

#### 17) Identify actions taken to address needs of homeless persons.

The City of New Albany is a member of Southern Indiana Housing Initiative (SIHI), which is our local Continuum of Care (CoC). SIHI monthly meetings inform and update information regarding homeless and the assistance available to address these

needs. SIHI continues to work with local housing providers, social service agencies and governmental providers to ensure the needs of the homeless are met. Further, SIHI will soon begin work on a Charter which will include a time task plan for completing milestones associated with service provision. Applications are submitted annually through the Super NOFA round and are expected to serve 50-60 homeless individuals and families within our jurisdiction and the adjoining communities (Clark, Harrison, Washington). Salvation Army has two transitional housing programs with scattered sites in the City of New Albany. Lifespring operates a transitional program serving New Albany and Jeffersonville. St. Elizabeth's provides housing to young mothers and babies and the Center for Women & Families serves women and families in crisis and abusive situations.

An Environmental Scan: Homelessness in Clark & Floyd Counties of Southern Indiana) was prepared in 2011.

Haven House Homeless Shelter which houses homeless individuals and families as well as chronic homeless individuals and the only homeless shelter in southern Indiana remain under the current ownership and management. The following agencies continue to be committed to relocation assistance for the residents of Haven House should the financial situation of the shelter result in lack of funding; New Hope Services, The Salvation Army, and Volunteers of America and provide services to those currently at Haven House during this period.

# 18) Identify actions to help homeless persons make the transition to permanent housing and independent living.

Through the local Continuum of Care (CoC) social service agencies implement Supportive Housing/Transitional Housing programs that provide support services. The Homeless Management Information System (HMIS) tracts homelessness and services data for these agencies. Data and resources are shared in an attempt to know who and how many homeless we are serving and what their needs might be. The Transitional Housing Programs increased the length of stay for their clients that resulted in better success for the move from homelessness to permanent housing and independency.

NAHA family self-sufficiency program reaches out to persons experiencing homeless to provide access to financial assistance including local donations of cash and household goods, provides transport to Division of Family Services, makes online applications and where desired, full support services of the FSS program. These supportive services improve the likelihood that housing stability will be maintained. In 2011, NAHA was chosen as the single public housing agency to participate in the Permanent Supportive Housing Institute sponsored by the Indiana Housing and Community Development Authority and the Corporation for Supportive Housing. On successful completion of the program, NAHA will submit application to construct a minimum of 20 units of supportive housing designed to serve persons experiencing chronic homelessness. NAHA will continue to apply for LIHTC for supportive housing for homeless populations in subsequent annual funding rounds. NAHA will use currently available public housing subsidy to make available units dedicated to serving homeless families with stable, affordable housing.

19) Identify actions taken to implement a continuum of care strategy for the homeless and new Federal resources obtained during the program year, including from the Homeless SuperNOFA.

\*If using the CPMP Tool: Use Needs/Homeless, Needs/Non-Homeless, Annual Housing Completion Goals, Summary of Specific Annual Objectives.

SIHI will soon begin work on a charter that will include specific objectives to achieve related to the provision of homeless services.

Clark, Floyd, Harrison and Washington counties all receive funding for homelessness to provide transitional housing through the Special Needs Assistance Program and Supportive Housing Program (SNAP) grants. Applications and funding for these grants are on a 1 year grant cycle. These grants assist homeless individuals and families with case management, food, therapy and medicines and other supportive services as well as housing costs.

#### Specific Homeless Prevention Elements

#### 20) Identify actions taken to prevent homelessness.

The local CoC, Southern Indiana Housing Initiative (SIHI), a nonprofit tax exempt status (501 (c 3). that conducts monthly meetings to address homelessness, prepare grant applications and strategize for funding resources and the development of a 10-year plan to end homelessness, SIHI is the front line organization comprised of local social service agencies, municipalities, and faith based organizations and private agencies working toward preventing homelessness; and ending chronic homelessness; as well as seeking affordable housing initiatives and providing supportive services to assist participants in becoming self-sufficient. SIHI formerly adopted the Indiana Interagency Council on the Homeless Action Plan to End Chronic Homelessness.

The Township Trustee assists residents with rent, mortgage and utilities, which allow residents to stay in their homes. The City's Optional Relocation Program assists with deposit, rent and moving expenses to persons defined as homeless and need to be relocated due to Code Enforcement issues.

21) Identify actions to address emergency shelter and transitional housing needs of homeless individuals and families (including significant subpopulations such as those living on the streets).

The local Township Trustees provided financial support to the local homeless shelter, Haven House. SIHI agencies (New Hope, VOA, and The Salvation Army) have offered to house the homeless whenever the Haven House Homeless Shelter is unavailable. SIHI entities work to address the root causes related to homelessness including mental illness, substance abuse, domestic violence, etc. Local churches provide meals to the homeless. Lifespring and The Salvation Army both operate a scattered site transitional housing program. The Center for Women & Families and St. Elizabeth's have transitional housing programs in New Albany for families in crisis and abusive situations and single mothers, respectively.

The City of Jeffersonville Common Council, City of New Albany Common Council and Town Board of Clarksville have recently started a collaborative effort to discuss homeless issues in the area. Their first meeting will be September 19, 2012.

#### NON-HOMELESS SPECIAL NEEDS

#### Non-homeless Special Needs

22) Identify actions taken to address special needs of persons that are not homeless but require supportive housing, (including persons with HIV/AIDS and their families).

Local agencies such as Rauch, Goodwill Industries, Volunteers of America and Lifespan provided supportive services including counseling, transportation, work training, medical assistance, for special needs persons, disabled and the elderly. SIHI meets monthly and identifies employment workshops, education, training opportunities, and case management. The Homeless Management Information System (HMIS) provided a link to community agencies for unmet and met needs.

The NAHA held monthly meetings and provided public information and educational opportunities such as the Family Self-Sufficiency Program, the Impact Program, credit remediation, life skills workshops and banking education. These programs assisted residents while moving from welfare to work.

#### COMMUNITY DEVELOPMENT

#### Community Development Block Grant

- 23) Assessment of Relationship of CDBG Funds to Goals and Objectives
  - a. Assess use of CDBG funds in relation to the priorities, needs, goals, and specific objectives in the Consolidated Plan, particularly the highest priority activities.
    - \* If using the CPMP Tool: Use Need/Housings, Needs/Community Development, Annual Housing Completion Goals, and Summary of Specific Annual Objectives.

The City's goals to provide housing and public services have been met. Through the Youth Enrichment and Youth Asset Programs 572 youth received opportunities that might not otherwise be available to them. Housing is addressed below.

- a. Evaluate progress made toward meeting goals for providing affordable housing using CDBG funds, including the number and types of households served.
  - \* If using the CPMP Tool: Use Need/Housings, Needs/Community Development, Annual Housing Completion Goals, Summary of Specific Annual Objectives.

One of the City's most important goals has always been to sustain the older housing stock in the city and to assist in home ownership. CDBG funds have assisted by repairing and rehabbing 52 houses in FY11. One household received direct down payment assistance/closing cost funded through the CDBG entitlement grant as an ongoing activity. The NSP funds rehabbed or constructed 23 affordable housing units of which 11 have sold of which 4 were sold to families at 50% AMI. All housing goals

were met by serving extremely low-income, low-income, and moderate-income persons.

b. Indicate the extent to which CDBG funds were used for activities that benefited extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity?

During Fiscal Year 2011, 99.58% of CDBG funds were expended for activities benefiting extremely low-income, low-income, and moderate-income persons. The Emergency Repair Program, Repair Affair, Direct Down Payment Assistance, Optional Relocation and Youth Enrichment & Asset Programs are all activities that the City required to be determined by income eligibility. See page 2 for a breakdown of the funds expended for those activities.

- 24) Changes in Program Objectives
  - a. Identify the nature of and the reasons for any changes in program objectives and how the jurisdiction would change its program as a result of its experiences.

No changes were made to the program objectives during the program year.

- 25) Assessment of Efforts in Carrying Out Planned Actions
  - a. Indicate how grantee pursued all resources indicated in the Consolidated Plan.
  - b. Indicate how grantee provided certifications of consistency in a fair and impartial manner.
  - c. Indicate how grantee did not hinder Consolidated Plan implementation by action or willful inaction.

The City is following a current HUD approved Consolidated Plan. The City cooperated with several organizations that have requested certification of consistency with the Consolidated Plan such as the Continuum of Care Supportive /Transitional Housing applications. The City did not hinder any Consolidated Plan implementation by action or willful inaction.

- 26) For Funds Not Used for National Objectives
  - a. Indicate how use of CDBG funds did not meet national objectives.

Projects and activities (99.58 %) met the low/mod national objective and the other .42% met the blight national objective.

b. Indicate how use of CDBG funds did not comply with overall benefit certification.

The City's certification is for one (1) year which the 70% was exceeded, see above.

27) Anti-displacement and Relocation – for activities that involve acquisition, rehabilitation or demolition of occupied real property a. Describe steps actually taken to minimize the amount of displacement resulting from the CDBG-assisted activities.

CDBG funds were not used to acquire any occupied properties during the program year. Rehabilitation and/or demolition did not result in any displacement and did not require relocation.

a. Describe steps taken to identify households, businesses, farms or nonprofit organizations that occupied properties subject to the Uniform Relocation Act or Section 104(d) of the Housing and Community Development Act of 1974, as amended, and whether or not they were displaced, and the nature of their needs and preferences.

N/A

b. Describe steps taken to ensure the timely issuance of information notices to displaced households, businesses, farms, or nonprofit organizations.

No displacement this year.

- 28) Low/Mod Job Activities for economic development activities undertaken where jobs were made available but not taken by low- or moderate-income persons
  - a. Describe actions taken by grantee and businesses to ensure first consideration was or will be given to low/mod persons.

The program year did not fund any economic development activities targeted for job creation.

b. List by job title of all the permanent jobs created/retained and those that were made available to low/mod persons.

N/A

c. If any of jobs claimed as being available to low/mod persons require special skill, work experience, or education, provide a description of steps being taken or that will be taken to provide such skills, experience, or education.

N/A

- 29) Low/Mod Limited Clientele Activities for activities not falling within one of the categories of presumed limited clientele low and moderate income benefit
  - a. Describe how the nature, location, or other information demonstrates the activities benefit a limited clientele at least 51% of who are lowand moderate-income.

Repair Affair & Minor Housing Rehab/Emergency Repair Program-Assistance is provided to those households who qualify as low-mod clientele through income verification. The Emergency Repair and Repair Affair Programs are focused in areas that are 61.15% low/mod income.

DPA & First Time Homebuyer Program- Available City-wide and households must qualify through income verification. Direct DPA was provided to 100% low/mod income clientele.

Code Enforcement services are targeted in areas with cumulative 63.6% low-mod income.

Youth Enrichment & Asset Programs were available to those determined eligible through the New Albany school system free lunch program.

#### 30) Program income received

a. Detail the amount repaid on each float-funded activity.

N/A

b. Detail all other loan repayments broken down by the categories of housing rehabilitation, economic development, or other.

Housing Rehabilitation Loan Payments \$13,432.85 Housing Rehabilitation Loan Payments & Equity Share Used as Program Income Totaled \$34,704.91

c. Detail the amount of income received from the sale of property by parcel.

An equity share of \$21,272.06 was received when the Neighborhood Public Service Center Development Corporation (NPSCDC) was dissolved and the facility known as Brown Starks Neighborhood Center was sold to the NAHA. The NAHA now leases the facility to Interfaith Community Council. Amount included in (b.).

2231 McLean Avenue was donated to Habitat for Humanity for rehabilitation or clearance and new construction. No money was received.

31) Prior period adjustments – where reimbursement was made this reporting period for expenditures (made in previous reporting periods) that have been disallowed, provide the following information:

The activity name and number as shown in IDIS;

N/A

The program year(s) in which the expenditure(s) for the disallowed activity (ies) was reported;

N/A

The amount returned to line-of-credit or program account; and

N/A

Total amount to be reimbursed and the time period over which the reimbursement is to be made, if the reimbursement is made with multi-year payments.

N/A

32) Loans and other receivablesList the principal balance for each float-funded activity outstanding as of the end of the reporting period and the date(s) by which the funds are expected to be received.

N/A

List the total number of other loans outstanding and the principal balance owed as of the end of the reporting period.

The Redevelopment Commission has 22 CDBG outstanding rehab loans that include 10 (100%) forgiven. The principal balances total \$156,184.54.

List separately the total number of outstanding loans that are deferred or forgivable, the principal balance owed as of the end of the reporting period, and the terms of the deferral or forgiveness.

None are deferred at this time. Ten CDBG rehab loans are 100% forgiven and the total principal balance is \$31,249.77. All of the CDBG loans have a percentage of the loan payment forgiven monthly, each based upon their individual/family income level and ability to pay.

Detail the total number and amount of loans made with CDBG funds that have gone into default and for which the balance was forgiven or written off during the reporting period.

Ten rehab loans are currently in default for which nothing has been written off at this time. Two are in foreclosure proceedings.

Provide a List of the parcels of property owned by the grantee or its subrecipients that have been acquired or improved using CDBG funds and that are available for sale as of the end of the reporting period.

N/A

33) Lump sum agreements

Provide the name of the financial institution.

N/A

Provide the date the funds were deposited.

N/A

Provide the date the use of funds commenced.

N/A

Provide the percentage of funds disbursed within 180 days of deposit in the institution.
