Welcome

Individuals or organizations desiring to hold an event on public property within the City of New Albany corporate limits, must submit an Event Permit Application at least **60 days prior** to the event. A Special Event Permit application is required in order to conduct an event at Bicentennial Park, the Riverfront Amphitheater, City Square or any non-parks public space. Permits are issued on a first-come, first-served basis. All events are subject to review by the City of New Albany legal department, the Board of Public Works and may require additional terms not set forth in the rules and regulations listed. The City of New Albany will not discriminate on basis of race, color, religion, sex, national origin, ancestry, age or ability against any person seeking a special event.

Once the application is submitted, the City of New Albany legal department will present the application to the Board of Public Works comprised of staff from city departments critical to successful event logistics. Unless alcohol will be served at the event, individuals or the Host Organization's event representative are not required to attend the meeting.

City of New Albany Board of Public Works Zoom Meeting Every Tuesday at 10:00am

After the meeting, the Host Organization's event representative will receive a written or email notification of the approval or denial.

No Host Organization has the right to exclusivity for any proposed event, and no host organization has the right to expect that their event will be approved in future years on the basis that an event was previously approved.

If the proposed event requires changes to traffic flow or temporary road closures, the Board of Public Works reserves the right to modify the event course based upon known construction, safety, public convenience or other traffic related matters in the vicinity of the event. If such a change is required, the city will provide notice to the Host Organization's event representative as soon as possible.

Applicants are greatly discouraged from promoting **any** proposed event to the public **until it has been approved**. If the Host Organization choose to promote proposed event in any way, they must assume all risk that the proposed event may not be approved, or that the event application may be revoked if the applicant does not meet all responsibilities.

Neither the Host Organization nor any event sponsors may assert that the City of New Albany sanctions, endorses or sponsors the proposed event simply because the event application is approved.

The city has the right to deny future special event applications from a Host Organization if the organization has failed to meet its obligations, financial or otherwise, for a past New Albany event.
